

# Certificate

**TÜV Auto Service GmbH, Regensburg**

hereby certify that the company

**Regensburger Stadtrundfahrten GmbH  
Posthorngäßchen 6  
D-93047 Regensburg**

is conducting through **TÜV Süd Auto Service GmbH** on a regular base

- technical inspections of its products
- compilation of certifications disclosing technical data and conformity with standards and regulations of German Road Traffic Licensing Regulations

The basic vehicle of the tractor corresponds to EC-Regulations. Vehicle frame, motor, gear and axles are originally made by established vehicle manufactures

Focus is also on the testing of the braking system and the assembled components with EC-type approval, like air chamber, lighting system, steering, couplings, towing gear, drawbar, noise emissions and conformity with German Passenger Transportation Regulations.

**TÜV Süd Auto Service GmbH, Regensburg** is conducting tests and certification procedures for the previous company City Trains for 5 years. There have been no complaints or design rejections ever since.
